

Can you build momentum?

emh group is one of the largest housing and care service providers in the country. From small beginnings in 1946, providing housing for ex-servicemen, we've grown to be a major regional business with over 1,100 employees and 19,000 homes across 45 local authorities.

As you'd expect, development is a fundamental priority for us, and we've formulated an ambitious five-year programme, with investment totalling over £250m. We want to be delivering approaching 500 homes a year, predominantly for rent but with a prudent proportion for shared ownership, rent to buy or outright sale.

That kind of programme doesn't deliver itself, and we are looking for a focused, adaptable and multi-capable professional who can lead the planning and provision of this vital element of our work.

An excellent relationship-builder and negotiator, with an extensive record of success in delivering complex development projects, often simultaneously, you'll ensure that we meet our growth objectives. You'll relish working within a strong values framework, and will be as ambitious for your own development as ours.

Please visit www.opportunitiesforpeople.co.uk to find out more. For a confidential discussion or more information please contact Anne Elliott at EMA on 01926 887272. No agencies please. Closing date: noon, 11 August 2017.
